

Dear Saint Charles Caritas, *Charity on the Border*:

## **God is mercy and full of grace!**

*Thank you so much for your continuous prayers for Jim's complete healing. Jim & I are asking for God's divine healing.*

*11/20, Wednesday is Jim's schedule for lab work, IV infusion and oncology check. His doctor will tell us the result of the CT scan also. 11/21, Thursday is his 4th chemo. He has been suffering from bone pain and overall soreness inside his body because of the accumulated chemo side effects. It is critical that I watch him 24/7 after the chemo for a week.*

*Good news... Jim stopped coughing. He started to eat more compared to last month. Recently, his two IV infusion treatments, his blood pressure were good and the nurses were so delighted about it. It means Jim's dizziness is starting to go away. THANK YOU, LORD JESUS CHRIST!*

*Please include also in your prayers of healing: Susan Guenzel (lung cancer), Paul Bell, (kidney transplant recovery), Thomas Park (cancer recovery) and all the sick people on the list of St. Charles bulletin.*

*Please pray also to all the people who died and families who are displaced because of the super typhoon in the Philippines. We are praying that God's angels and saints will cover them for protection and the aid of food, water, medicine and shelter will reach all the families (immediately) who are in most need of help.*

*Please join Margie Benzie from North Park, San Diego and I in praying for Mother Teresa of Calcutta's 3rd miracle (or more).
